

The Tchefuncte Light Station is in imminent danger.

Immediate action is needed!

Built in 1837 and rebuilt in 1868, the Tchefuncte Lighthouse is one of the last in Louisiana.

Weathered by the history of its years, the Tchefuncte Lighthouse was damaged by Hurricanes Katrina, Rita, and Issac. These storms destroyed many of Lake Pontchartrain's other historic lighthouses. We must act now before the lighthouse is destroyed and lost forever. The next phase of restoration for the Tchefuncte River Light Station will require significant financial help for which we are making this appeal. Your donation will help with the construction of a protective barrier system, which will preserve the Tchefuncte River Lighthouse long into the future. We have been fortunate to have received your donations and memberships, grants, and hosted tours and special events. We are grateful for each and every one. For the work in front of us, our success will depend on the continued enthusiasm and generosity of the surrounding community and our visitors. If you are in a position to make any donation today, we urge you please to do so. We accept credit cards, checks, and cash. Just fill out the form below and return it to us with your donation.

Yes! I would like to support Maritime Museum Louisiana with a donation in support of The Tchefuncte River Lighthouse.

Name: _____

Company name (If applicable): _____

Mailing address: _____

City: _____ State: _____ Zip: _____
